About Us

Xotic Laser Creations is a premier provider of custom laser-cut products, specializing in steel. Our mission is to deliver high-quality, fully customizable designs that cater to both aesthetic and functional needs for residential and commercial spaces. From stylish wall art and house number signs to practical solutions like gas and aircon covers, wine shelves, window shades, balustrades, and more, we offer a broad range of products.

At Xotic Laser Creations, we emphasize precision, quality, and customer satisfaction. Our designs are carefully crafted with attention to detail, ensuring durability and visual appeal. We offer various materials including mild steel, stainless steel, and aluminum, and provide different patterns and powder coating color options to suit every style.

We also have an online shop where customers can browse and purchase our ready-made designs. For complex designs, we offer 3D Visual CAD files upon request, so our customers can preview their customizations before production, ensuring a perfect match to their vision. We aim to make the process seamless and DIY-friendly, saving our customers time and effort while providing them with a high-end product.

Whether you need something off-the-shelf or a fully personalized design, Xotic Laser Creations delivers creative solutions with precision and care.
